

PATIENT INSTRUCTIONS COLLECTION OF FAECES (MICRO / CULTURE / SENSITIVITY)

1. Collect faeces (bowel movement) sample into the specimen container provided. (Brown top pot only. Cannot use red/green top tubes)
2. Make sure the lid of the container is screwed on tightly.
3. On the label write:
 - **Your name**
 - **Your date of birth**
 - **The date and time of collecting this specimen**
4. Place the container into the sealed section of the bag provided.
5. Place your Doctor's Request Form in the side pocket.
6. Deliver the specimen to a Clinpath Collection Centre or Laboratory.

PLEASE NOTE:

**PLEASE REFRIGERATE THE SPECIMEN OR KEEP IT IN A
COOL PLACE UNTIL IT IS DELIVERED TO THE
COLLECTION CENTRE OR LABORATORY**
