

Clinpath Bulletin

January - March 2014

Skin Cancer Surgical Audit

- 40 Category 1 QI and CPD points available per year of program
- Easy data collection & comprehensive reporting
- Statistical peer comparisons
- Run nationally for seven years with over 320,000 lesions in data pool
- For further information, email skinaudit@clinpath.com.au or call Emily Sinclair on 08 8366 2003

Prostate Disease Update

Two new tests available:

- PHI
- PCA3

Note: Doctors may choose to request Free to Total PSA ratio (FTR). When FTR is ordered, Clinpath will report Total PSA and if within appropriate reference ranges, FTR will also be reported.

Refer to our "Assessment of Prostate Disease" brochure on our website.

Upcoming Disease Awareness Campaigns

- **Ovarian Cancer Awareness Month - February:** Updated Tumour Marker brochure available on our website.
- **Leukaemia Foundation "Shave for a Cure" - March:** Clinpath offers Flow Cytometry, a service for improved detection of blood diseases. Information brochure available on our website.
- **Coeliac Awareness Week - 13th to 20th March:** Coeliac brochure available on our website.
- **Melanoma March:** Biopsy punches with plunger now available on request (**NEW**)

Brochures available online at www.clinpath.com.au
